Red River Community College

Terry Fox by Brad Oswald

On April 12, 1980, Terry Fox dipped his artificial leg into the Atlantic Ocean and begun chasing a dream.

He never caught it.

On September 1 of the same year, 144 days and 3,339 miles later, Terry Fox's Marathon of Hope was cut short by failing health. The cancer that had earlier claimed Terry's right leg had spread to his lungs.

On June 28, 1981, despite treatment with chemotherapy and interferon, Terry Fox died.

His dream is still alive.

Sunday, September 15 is the date of the fifth annual Terry Fox Run, sponsored by the Canadian Cancer Society, Fitness and Amateur Sport, Canada, and Four Seasons Hotels.

The Run is a nation-wide (now world-wide) annual fundraising event for everyone. The two-part theme is to beat cancer and to have fun. The run was born on Sept. 13, 1981, and took place at more than 760 run sites across the country. It raised more than $3.5 million for cancer research. By the end of 1981, the Terry Fox "Marathon of Hope" fund exceeded $24 million — more than $1 million from every Canadian.

Since then, each September means the annual 10 km. run in thousands of locations. Last year there were over a quarter of a million participants. The run is for everyone, not just those who run. Walk, jog, bike, run, wheel — it makes no difference how the distance is covered — or even if the whole distance is covered at all — the key is involvement.

In Winnipeg, support for the Run is widespread. Related runs are to be held in almost thirty schools in the city, as well as the six scheduled major community runs. The primary run in Winnipeg takes place at Assiniboine Park and the Kapyong Barracks, between 9 a.m. and 4 p.m. on September 15.

The contact person for the run is Major J.P. Sweetnam, at 895-6168.

The goal for this year's run is to double last year's success, when $3.43 million was raised. The slogan for the 1985 Terry Fox run is "Make this year's run twice the success. Bring a friend." A worthwhile idea, and certainly a worthy cause.

You are Warned!

Police Chief Herb Stephen has issued instructions to officers to rigidly enforce the rules of the road for cyclists in an effort to improve safety.

The chief said bicycle riders who don't stop at red traffic lights or stop signs; who change lanes without signalling; who don't have proper equipment on their bikes **or** who ride on sidewalks, will be charged under the Highway Traffic Act.

Citing a recent increase in the number of city bicycle accidents, Stephen said he has issued instructions to officers to rigidly enforce the rules of the road for cyclists in an effort to improve safety.

"Because of the increase, I feel it's a very serious situation," Stephen said, noting the number of cyclists also has increased dramatically in the past two years.

The chief said bicycle riders who don't stop at red traffic lights or stop signs, who don't have proper equipment on their bikes or who ride on sidewalks will be charged under the Highway Traffic Act.

"Unfortunately, many of the cyclists are not safety conscious and do not comply with the rules of the road," Stephen said.

"They appear to be unaware or choose to ignore the fact that the Highway Traffic Act applies to cyclists the same as it does to the operators of motor vehicles."

Health

College Health Service

The Health Centre is located on the Mall Level (HM-10) across from the Assiniboia Inn. Health Services are available to all those who require it. The hours are 07:45 hr. to 16:15 hr. Monday thru Friday.

The following services are offered:

1. Emergency nursing care in the event of injury or sudden illness while you are at the college.
2. Nursing care (on a short term basis) for non emergency illness.
3. Assisting students and staff in araanging appointments with dentists, doctors, or optometrists as required.
4. Follow-up care i.e. dressing changes, suture removal, etc.j
5. Blood pressure and weight readings with records which may be taken to you physician.
6. Health teaching and health information. All discussions regarding personal problems are confidential.
7. Workers' Compensation Board claims are originated in the Health Centre, for those who have that coverage. All staff have WCB coverage.
8. Referrals to outside agencies if indicated.
9. Tuberculosis testing and Immunizations are given to all Health Science students.
10. Throat swabs are done when indicated.
11. Those who have a chronic condition i.e. diabetes, epilepsy, etc. which may require medical attention during class hours are urged to visit the Health Centre as soon as possible. It is to your advantage that we have any necessary information in the event that you do encounter difficulties. All information submitted is confidential, and does not become a part of your permanent record at the College. At the completion of your course our record is destroyed.
12. If you require prescription medication during the day i.e. diabetes, migraine, epilepsy, asthma, etc., please see us. We suggest you leave 2-3 "pills" at the Health Centre. If you should forget your supply at home, your own medication will be given to you. At the completion of your course any unused medications are returned to you. If your medication must be refrigerated, this is no problem.

The Health Centre is not a clinic. No prescriptions are filled. No medical or eye examinations, X-ray, or lab tests are done. No medical supplies are sold.

Carry your Medicare card with you at all times. Injury or illness does not occur by appointment. If the student is covered by the parents' plan, a duplicate card may be obtained.

We encourage you to visit the Health Centre with problems pertaining to physical and emotional health. If you have students who are in need of assistance, please refer them to us. If we aren't able to help, we will endeavour to find assistance elsewhere.

Report all injuries on campus to the Health Centre.

Have a Good Year!

COMMERCE
Instant Teller
It's about as easy to use as your telephone.

Commerce Instant Teller is the fast, easy and convenient way to do your everyday banking, just about anytime. You can pay most bills normally payable at your branch, deposit cash or cheques, transfer funds between your Commerce Instant Teller accounts and make cash withdrawals up to your weekly limit, including instant cash advances from your Commerce VISA* account. You can make payments to Commerce Visa on the spot.

All you need to put Commerce Instant Teller to work for you is a magnetically striped Commerce Visa card or Commerce Convenience Card plus your personal identification number. Ask for details at your nearest Commerce branch and let Instant Teller make your everyday banking with the Commerce even easier.
*Access to some machines may be subject to building hours.

Student Grievances

The Students' Association is willing to assist any student who feels they have a complaint about the educational environment at RRCC. A record of student concerns is being kept to help the Association recognize and improve situations which need attention. If you have a complaint or a suggestion. Contact the Students' Association (S.A.).

STUDENTS' ASSOCIATION

"Welcome To Red River Community College"

The Students' Association provides high calibre programming and entertainment throughout the school year to help relieve the stress and tension of higher education. Beer bashes, socials, noon hour entertainment and special events, all help to break up the frustration of textbooks and homework. The Students' Association offers a great variety of student services to make your educational life a little easier and a little more enjoyable. These include CMOR radio station, The Projector newspaper, the Crazy Ox Campus Store, ATO Booth, video games, vending machines, and many others. The Students' Association also provides the Student Telephone Directory, Student Handbook, and the R.R.C.C. Yearbook.

This college is a diverse community within itself — a community of faculty, staff and students. During your year(s) here you will learn, not only from textbooks and lectures, but also from the many people who make up this community. You will learn about your specific field of study, and most importantly you will learn about yourselves. You will handle new situations, go beyond your own set limitations, and you will define your weaknesses and your strengths.

The Students' Association acts as a "student spokesperson" and interacts with faculty and administration on behalf of the students of Red River Community College.

You, as students, provide the Students' Association with the means to represent you fairly and adequately in all aspects of college life.

The Students' Association creats a social and cultural, as well as an educational environment. Through this, we learn new concepts and new ideas from our interaction with each other in college activities.

The key to making the most of your education is to "**Get Involved**." To find out more, feel free to stop by the Students' Association Office, Room DM-20, and find out what **You Can Get Involved** with.

Have a terrific year and don't forget to meet your 1985-86 Students' Association Executive.

Sharon Anderson
President

The Terry Fox Run

MAKE THIS YEAR'S RUN TWICE THE SUCCESS.

BRING A FRIEND.

Every day brings us closer to Terry's dream. To beat cancer.

And until his dream becomes a reality, The Terry Fox Run continues.

The great thing about *this* Run is that it's not just for runners. Everyone can participate and get involved in helping to stop this disease.

You can walk it. You can bike it. Wheel it. Jog it. Whatever you wish.

You can cover as much of the course as you want and you do it at your own pace. It's up to you.

The thing is to come out, participate, have an enjoyable time while making a contribution in Terry's memory.

And when you join us this year, bring along a friend. You'll make Terry's Run twice the success.

Just imagine. If all participants bring a partner, we can more than double our contribution to cancer research. It's really that simple.

And it's simple to get involved. You just call or write your local Canadian Cancer Society for the Terry Fox run site nearest you.

They'll tell you more about how you can spend an enjoyable, personally rewarding Sun. Sept. 15th.

Pledge sheets are available at these locations: Canadian Cancer Society, Canada Post Offices, Collegiate Sports, Four Seasons Hotels, Kentucky Fried Chicken, Shoppers Drug Mart and Kmart.

5th Annual TERRY FOX RUN

Walk it. Jog it. Bike it. Run it. Wheel it.

Make it Sun. Sept.15

Keeping it Clean

The policy at Red River is that smoking, drinking, and eating are not allowed in the classroms. These rules come as a result of past years' experience. Our class rooms began to resemble over-sized garbage cans.

We are not saying you can't smoke, drink, or eat, just don't do it in the classrooms. There are ashtrays and garbage cans provided in the hallways and cafeterias, so let's use them. It must be realized that classrooms are almost in continuous use, and clutter soon builds up if allowed to start.

So remember, before you step into the classrooms, put out your cigarette, trash your paper cups and wrappers and KEEP IT CLEAN.

R1C2 Phone Directory

!!! IMPORTANT NOTE!!! If you do not wish your name, address, and telephone number to appear in the directory, fill out a telephone directory exclusion form at the SA office immediately!

Bicycling
Over the past few years more and more people have realized that bicycles can be more than just a plaything. They are efficient, convenient, healthy and pollution-free. As a primary mode of transportation they are relatively cheap, easy to park and often faster than cars in heavy traffic.

They are subject to the elements, but the climate in Winnipeg should give you at least seven months of trouble-free cycling (barring the occasional downpour). The financial savings and benefits to your health are more than enough to see you through a little rain.

Cycling is not without its hazards. Drivers either don't or won't see you. Sewer grates can grab your tires and send you skidding into traffic. Cars will jump out of side-streets at you or cut you off without so much as a backwards glance. The cyclist's nightmare, however, is seeing the driver's door open on a parked car two feet in front of you. If you do run into trouble call the police. Many drivers seem to think that bikes have no rights on the road, but legally you do and they may end up paying for your crumpled front forks.

Locking your bike with a good strong chain and combination lock should determost would-be theives.

You can register your bike at any police station and they will keep your serial number on file. It may not help, but people have gotten their bikes back this way.

"Otto's"

"Otto's" Snack Bar is located in Building J (near the overpass). This snack bar offers a variety of sandwiches as well as hamburgers, fries, pizzas and daily specials. The area is open daily from 7:30 a.m. to 3:30 p.m. All items available will be served during that time with the exception of specials which will be served from 11:00 a.m. to 1:00 p.m.

the College Roads

At a November 1979 meeting of the Academic Council, Councillor Jim McMillan proposed that the various roads an Red River Community College campus be named to enable visitors to find their way. It was suggested that they be named after people who had made a significant contribution to Red River Community College. A selection committee forwarded suggested names to the Department of Government Services for purposes of protocol. Approval was ultimately granted and the map below indicates the names selected.

(1) Angood Avenue – *named after a Director of the College based upon the fact that Brian Angood was given responsibility for the educational planning of RRCC from its outset in 1961. He was the first Principal of the Technology Department, Director of Provincial Vocational Schools, and Assistant Deputy Minister, Department of Education responsible for vocational education.*

(2) Dalton Cresent – *named for Bob Dalton who was Associate Deputy Minister during the development stages of RRCC.*

(3) Lorimer Lane – *named after W.C. Lorimer, Deputy Minister of the Department of Education who retired in June that year.*

(4) Skinner Road – *named after John Skinner one of the original instructors in the Electrical Department, Department Head, and also Chairperson. John worked diligently in various positions in the M.G.E.A. and retired in 1978 after 36 years of public service.*

(5) Talbot Road – *named for the Assistant Deputy Minister of the Community Colleges who left Manitoba to take up a position as President of Lethbridge Community College. Talbot was a former Principal of the industral Division, Director of Extension and Community Services and Director of Red River Community College for the years 1970 - 1978.*

(6) Low Lane – *named after A.R. Low, first superintendent of RRCC and one who participated in the development of the western portion of the campus completed in 1968.*

(7) Didcote Drive – *named after S.P. Didcote, former Principal of the Industrial and Technology Division, Assistant Director responsible for Administration, first Principal of Keewatin Community College.*

(8) Buhr Boulevard – *named after Art Buhr, former Vice-Principal of Technology, then Director of Provincial Schools and, just prior to his retirement, Director of Administration for the Colleges Division.*

All student parking is scramble

Parking
Applications for parking can be picked up at a table set up **across** from the main bookstore, from Tuesday, September 3rd. to Friday, September 6th., from 9:00 a.m. to 3:30 p.m.

The payment of parking fees will be taken from Monday, September 9th., from 8:00 a.m. to 3:45 p.m. at the bookstore.

If paying by cheque student must present I.D. card.

Registration, admissions, and **Student Aid** are located on the 3rd. floor of the Tower, Building C.

Lost and Found is located in Building C, (the Tower), room C4-21.f

A.T.O. is not expected to start operating until September 9th.

RULES

Socials and Pubs

This year social tickets will be $6.00, pub tickets $4.00, and liquor tickets $.90 each.

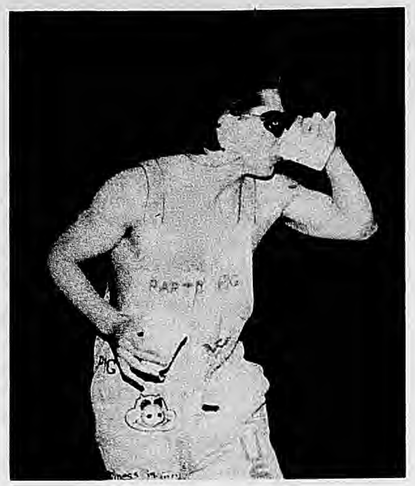
Social and pub tickets may be purchased in advance at the SA office, room DM20.

Students must present a valid Red River student identification card when obtaining tickets for these events.

Please note that ticket prices are subject to change without notice.

Be sure to check the monthly SA special events calendar, the bulletin boards and TV monitors, the Projector or CMOR for times and dates.

Top notch entertainment is provided and a good time is had by all.



Get involved!

* * *

Rules & Regulations for Beer Bashes & Socials

(1) "Fighting, disorderly conduct and drunkenness" will result in expulsion from all Beer Bashes, Socials & Students Activities.

(2) Damage to any part of RRCC will result in expulsion from all Beer Bashes, Socials and all Student Activities.

(3) Anyone tampering with fire alarms will be prosecuted as this is a criminal offence.

(4) Minors (under the age of 18 years) are prohibited from handling, serving or consuming liquor.

(5) Games of chance and gambling are not permitted.

(6) Beer Bashes end at 7:00 p.m.; socials end at 1:00 a.m. Everyone must be out of the Hall within 15 minutes of these times.

(7) All alcohol consumed at Beer Bashes or Socials must be purchased at the Beer Bash or Social.

(8) Security Staff's decision will be respected at all times.

(9) Entrance & purchase to Beer Bashes & Socials shall be conducted in an orderly fashion.

(10) 'Priming' — the drinking of alcoholic beverages before the event, either in the line-up or in the parking lot is strictly prohibited. It is a violation of the liquor laws and will lead to prosecution.

What's the BIG attraction ?

Remember to **check the Handbook first.** *Look it up in the* **Index.**

Do's and Don'ts for Instructors

1. Give adequate time to preparation.
2. Be sure your plan for instruction includes all of the "Tricks of the Trade" to make it effective.
3. Be distinct in your speech.
4. Sharpen up your vision to detect errors and take corrective measures promptly, dispassionately, and quietly. Do not overlook a single error.
5. Be sure you are using the best methods of instruction.
6. Always approach each subject from its *practical battlefield value.*
7. Be enthusiastic, put lots of punch into your instruction.
8. Watch your poise and control, keep your temper.
9. *Have a sense of humour.*
10. Don't look at the blackboard, chart or map. *Face the class.*
11. Don't cover up material with your body, get a long pointer.
12. Don't run overtime.
13. Don't bluff. If you don't know the answer, find it out, and give it to the class at the first opportunity.
14. Don't be sarcastic.
15. Don't talk down to a class.
16. Don't size up some members of the class as being stupid — *the fault may be yours.*
17. Set the example in personal neatness yourself.
18. When you take over a class, *you and no one else* is responsible for that class. Discipline, attentiveness, prevention of accidents, comfort and all other matters affecting the personnel of the class are your responsibility.
19. The instructors should never publicly blame any other person or agency for the failure of an item of his conference, demonstration or other exercise.
20. Never let the class get out of hand. Do not leave the class alone for a moment, except whin it is dispersed for reconnaissance or some similar duty.

from a 1944 Canadian Army manual

Athletic Dept. Opens up Shop

by Brad Oswald

Well, we made it, didn't we? Not much of a summer, but it's over nonetheless. And now, here we are, at RRCC, probably for the next ten months or so. A little grumpy about the entire prospect? Well, what you've got to do is provide yourself with a few diversions through the course of the year to made the time pass a little more quickly. Try these ideas on for size.

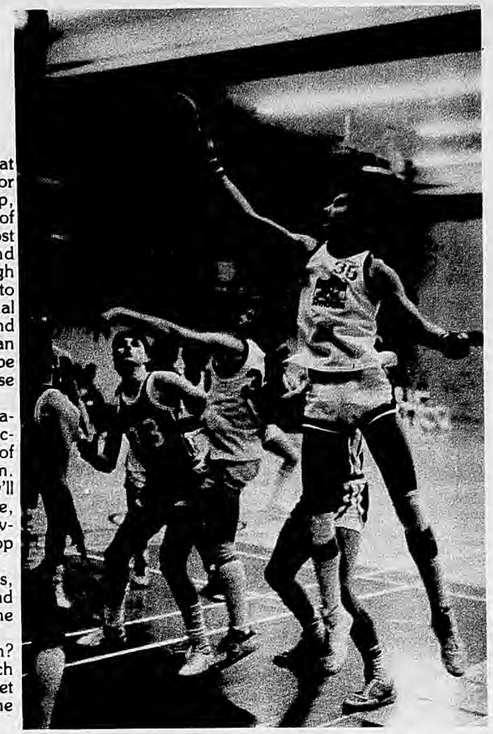
The athletic department is also back, and it has a lot to offer in terms of opportunities for you to get involved in extracurricular activities. If serious athletics are what you're after, tryouts for the varsity teams are scheduled to take place during the second or third week of September. Athletic department head June Graham suggests that if you are intending to try out, you should pre-register at the equipment counter in the North Gym.

If your jockish aspirations are somewhat less lofty, you can still find an outlet for your excess energy. Intramurals. Yep, that's the answer. Intramurals. All kinds of 'em. The intramural season begins almost immediately with flag football and volleyball. Both sports run through September and October, and promise to be big fun. Here's the catch — final registration dates for each are just around the corner — Sept. 18 for flag football an Sept. 20 for volleyball. If you want to be involved, you have to act quickly, or those deadlines will slip right by.

Registration forms and further information are available from the intramural director or the equipment manager, both of whom are denizens of the North Gym. They're nice folks, honest they are. They'll answer any questions that you might have, and they'll make it easy to become involved in the college's athletic activities. Drop by and see them sometime.

Keep your eye on the bulletin boards, particularly near the gym, for posters and information about what's happening in the athletic department.

Lousy summer? Too much rain? September here far too soon? Not much can be done about that stuff, so forget about it, get involved, and let's have some fun.



"Remember to smile when you have your **yearbook** photo taken."

Athletic Awards

Varsity awards are presented at the Athletic Banquet held each spring.

Last year's recipients were:

Minister's Cup	Terry Lamoureux
Male Athlete of the Year	Ken Gray
Female Athlete of the Year	Patti Shirtliffe
Most Valuable Players:	
Women's Basketball	Patti Shirtliffe
Men's Basketball	Terry Lamoureux, Joe Lumarque, Rob Russell
Women's Volleyball	Janice Burrows
Men's Volleyball	Ken Gray
Badminton	Ron Bilawka
Curling	Jim Nordstrom
Hockey	Mark Bishop
Most Improved Players:	
Women's Basketball	Tannis Erwin
Men's Basketball	Dave Galas
Women's Volleyball	Sandy Stewart
Men's Volleyball	Dan Smith, Ward Matheson
Badminton	Effie Yip
Curling	Joan Garbutt
Hockey	Ken Fardoe

Photo Club

This could very well be the best year at RRCC for photographers. I am assembling a group, club or even a herd of camera oriented people who would meet for collective gratification.

Our club will consist of all types from beginners who want to learn the basics; to advanced photographers who wish to discuss problems and ideas, or perhaps boast of their accomplishments. Anyone interested in sharing photography in any way, shape or form is welcomed.

The club is opened to the design of its members. Most anything can be accomplished. Speakers can be brought in, field trips can be arranged, or clinics organized. Any format is possible, it is only limited by the imagination of the members.

Anyone interested can contact Chris by leaving a message at the S.A. office (DM-20); "on the board" of on the door of A1-24 (near the Voyageur Cafeteria).
Or call Chris at 256-5854.

Instant Teller

Instant Teller applications can be filled out at any branch of the C.I.B.C.* The Instant Teller service is available on site as well as at the Logan & Keewatin branch (Offering 24 hour access).
Drop in to any branch and fill out an application today.

(C.I.B.C.)
*Canadian Imperial Bank of Commerce

INFORMATION

Elections

In a College as large as Red River, students can often become isolated through lack of involvement and communication. Your Students' Association gives you an opportunity to become involved in the decision-making process which effects all students. The S.A. needs student input to ensure proper representation of student needs.

Elections for students council are coming up in early October. Representatives are needed for all one-year courses and many two year programs. Details will be published in the Projector.

Being a council rep is a rewarding experience. Contributing your time and effort to student government teaches the value of co-operation and consideration. Employers notice, too.

Help us help the student body.

Get involved!!!

Students Association Breakdown

Student Body

Everything starts with the general student body, the people who fill the halls and lunchrooms. They elect the members of the Students' Association Executive and they elect Constituency Reps to represent their own courses. A good Student Council and a good Students' Association depends upon the care and concern the Student body employs when it elects the people who represent them.

Student Council

Rules of the Game

ARTICLE II

GOVERNING THE ASSOCIATION COUNCIL

COMPOSITION

2.01 Composition: The Council of the Association shall be composed as follows:

(a) President, who shall also be the Chairperson of the Council;

(b) Vice-president;

(c) Treasurer;

(d) Communications Director;

(e) Constituency representatives from each Division of the Red River Community College.

RESPONSIBILITIES

2.04 The members of Council shall be responsible:

(a) to represent their Constituency as a whole and;

(b) to attend all meetings of the Association Council, all general meetings of the Association and all meetings of standing committees of which they are members.

MEETINGS

2.05 The Council shall meet at least ten (10) times during its term of office. The President may, whenever he/she thinks proper, or on requisition in writing by five (5) members of the Council, call a meeting of the Council. Any such requisition shall specify the object of the meeting to be called.

The date, place and time of the next Council meeting shall be announced at each Council meeting which announcement shall be deemed to be due and valid and final notice of such meeting. In the event that an unscheduled meeting is called, written notification shall be given to all Council members through any two or more forms of association media at least forty-eight (48) hours prior to the meeting. The Statutory Declaration of the Treasurer or President that notice has been given pursuant to this by-law shall be sufficient and conclusive evidence of the giving of such notice.

After consultation with the Executive Committee, the President shall present to Council at its first meeting in September a proposed schedule of regular council meetings for the year.

QUORUM

2.07 One-half of the members of Council form a quorum for the transaction of business and two-thirds of the members of Council form a quorum for dealing with financial matters.

VOTING

2.08 Except as otherwise provided in the by-laws of the Association, every question submitted to a meeting of the Council will be decided by a majority of the votes cast. Voting shall be by a show of hands except where three or more members desire a secret ballot, in which case the Chairperson shall supervise the conduct of a secret ballot. Council shall appoint scrutineers if required. In the event of a tie vote, the Chairperson shall have the right to cast the deciding vote. No voting by proxy shall be allowed! Except where inconsistent with the by-laws of the Association, the provisions of Robert's Rules of Order shall be applied.

2.11 VACANCIES

(b) In the event that a constituency position becomes vacant, the members of that constituency shall be informed by the Chief Returning Officer of the vacancy and of the procedures for nominations and elections.

(a) If the office of the President becomes vacant, such vacancy shall be filled by the Executive Vice-President. In such event that any other office becomes vacant, such vacancy shall be filled by a member of the Association, in accordance with paragraph 10 (b).

(c) Two (2) weeks notice of any Council Meeting held to fill a vacant Executive position shall be given to all members of Council. Only Council members will be allowed to vote. The candidate receiving the greatest number of votes for any such vacant position shall be declared elected. The vote shall be conducted by secret ballot, and, in the event of a tie, the Chairperson shall have the right to cast the deciding vote.

REMUNERATION

2.12 The members of the Council of the Association shall receive no remuneration for acting as such.

SPEAKING PRIVILEGES

2.13 The Chairperson shall permit members of the Association the right to speak at meetings of Council as he/she deems advisable from time to time, provided however that Council shall have the right to over-rule the decision of the Chairperson.

Golden Rules for Easier Living

1. *If you open it, close it.*
2. *If you turn it on, turn it off.*
3. *If you unlock it, lock it up.*
4. *If you break it, admit it.*
5. *If you can't fix it, call in someone who can.*
6. *If you borrow it, return it.*
7. *If you value it, take care of it.*
8. *If you make a mess, clean it up.*
9. *If you move it, put it back.*

4.02 ELIGIBILITY

(a) To be eligible for election as an Executive Officer, a person must be registered in a course as a full time student in the year of an election as well as a full time student the following year to serve office.

Any person shall be eligible for election as a Constituency Representative provided that he is a student registered in a course of studies in the constituency for which he is a nominee. Nominee must have a cumulative grade point average of at least 2.5. This requirement may be waived at the discretion of the Council but in no event shall the nominee have less than a 2.0 cumulative grade point average. Cumulative grade point average is considered to be the cumulative grade point average of the course in which a person is enrolled at the time of nomination. No salaried student staff will be allowed to sit on Council.

(b) Red River Community College shall divided into the following Constituencies for the electing of student representatives.

I. Industrial Division;

II. Business Division;

III. Health Division;

IV. Applied Arts Division;

V. Technology Division.

(c) Each Constituency division shall be represented by the number of members on Council in accordance with the representation formula as follows:

1 - 250 Students	1 representative
251 - 350 Students	2 representatives
351 - 500 Students	3 representatives
501 - up Students	4 representatives

(d) In addition to those divisions established in Paragraph 4.02(b) Teacher Training shall have one (1) representative and Adult Basic Eduction shall have two (2) representatives.

NOMINATIONS

(c) The dates of the opening and closing of nominations and elections for the representatives of those constituencies having a one-year course of instruction shall be set at a meeting of the Council by August 15th of each year, such election to be held on or before the first Thursday of October of each year.

(e) In all cases, nominations shall be open for a period of at least ten (10) days prior to the date set for the closing of nominations.

(f) Any nomination for the position of constituency representative, except as otherwise provided herein, must be signed by ten (10) or more members of the Association who are registered students in the constituency concerned and filed with the Chief Returning Officer which shall be accompanied by the consent in writing of the person therein nominated.

(h) Where only one constituency Representative candidate has been nominated for any position in the time fixed for that purpose, the Chief Returning Officer shall forthwith declare such candidate elected.

(i) Official nomination forms shall be available at the office of the Association one week before the opening of nominations which shall be in the following form:

"We, the undersigned students, hereby nominate _____, a student in the _____ course at R.R.C.C as a candidate for the position of _____ for the Students' Association at the election now about to be held.

WITNESS our hands the _____ day of _____, 19__

I, the said _____, residing at _____, phone # _____, hereby consent to my nomination as candidate for the position of _____ in the above nomination paper, hereto subscribed.

WITNESS my hand the ___ day of _____, 19__

Witness to the signature of _____

4.05

(b) Every member of the Association shall be entitled to vote at the election of the Executive Officers of the Association and every member of the Association who is a member of the constituency concerned shall be entitled to vote at the election

Students Association Breakdown

4.07

WINNERS

(a) The winner of each election shall be the candidate who receives the greatest number of valid votes cast. The Chief Returning Officer shall not be entitled to vote, provided that in the event of a tie vote for any position, he/she shall cast the deciding ballot.

The exact number of votes received by each candidate shall be made available by the Election Committee to students requesting such information as soon as it has been compiled.

4.08 APPEALS

(a) Any candidate wishing to appeal the results of any election on the ground of ineligibility or irregularity must submit in writing to the Chairperson of the Election Committee, a statement, not later than ten (10) days following the election, outlining the grounds for appeal. The President of the Association shall convene a meeting of Council to hear the appeal, which meeting shall be held within one week of his/her receiving the notice of appeal. The appellant and all candidates affected by the appeal shall be entitled as of right to attend the said meeting of Council and shall be heard. The decision of Council with respect to any appeal shall be binding and final.

(b) Council will, in the event of any dispute over the eligibility of any candidate or alleged irregularities during the nominations, elections, and counting of ballots, make the final decision regarding such disputes.

Learning Skills Services

The Learning Skills' Staff welcome all students and invite you to drop in and discuss the services available. These services are provided to assist students to improve their performance in their respective programmes. Any college student has access to these servies free of charge.

The following are some of the services offered:

Tutorial Services
Location: CM25

You may phone 632-2451 or drop in to make an appointment. Individual tutorials are available in:

1 Mathematics
- —Basic Math
- —Basic Technical Math
- —Trades Math
- —Trigonometry
- —Systems of Equations
- —Calculus
- —Boolean Algebra
- —Statistics
- —Business Math

2 Communication Skills
- —Grammar
- —Basic Writing Skills
- —Planning Writing Term Papers
- —Applying Study Skill Techniques to Specific Subjects

3 Science
- —College Physics
- —Basic Chemistry
- —Basic Microbiology
- —Engineering Mechanics
- —Fluid Mechanics
- —Strength of Materials
- —Basic Circuit Theory

4 Introductory Accounting

5 Metric

6 Basic Programming

7 Women's Coordinator
Location: CM25

The women's coordinator provides support services for women especially those in the non-traditional courses.

These services are:
- —Coordination of internal services (financial, tutorial, etc.)
- —Referal to external agencies
- —Advocacy for female students

Appointments can be made by phoning 632-2369.

Reading and Study Skills Centre
Location: D213
phone:632-2280.

The centre provides several different types of programmes to meet your needs. These include noon hour reading and study skill sessions and specially designed programmes to meet individual needs. Please drop in or phone to make an appointment.

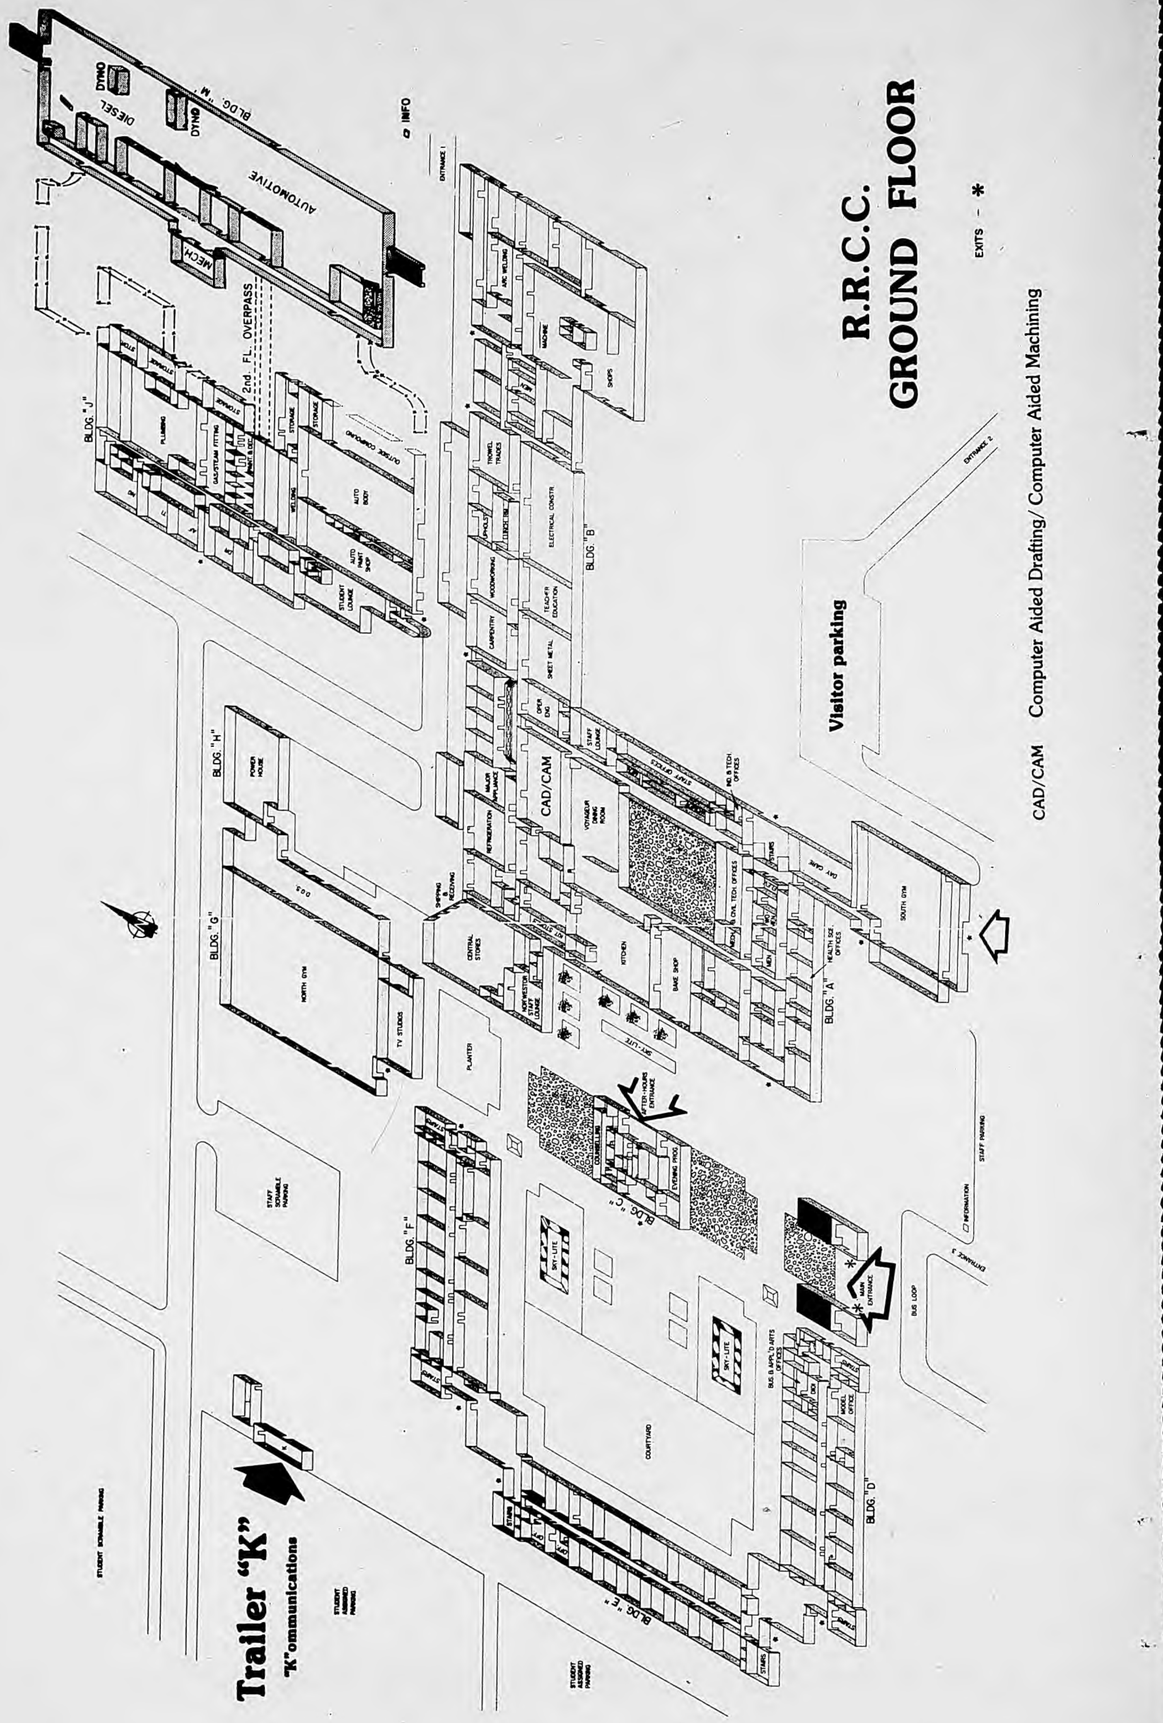
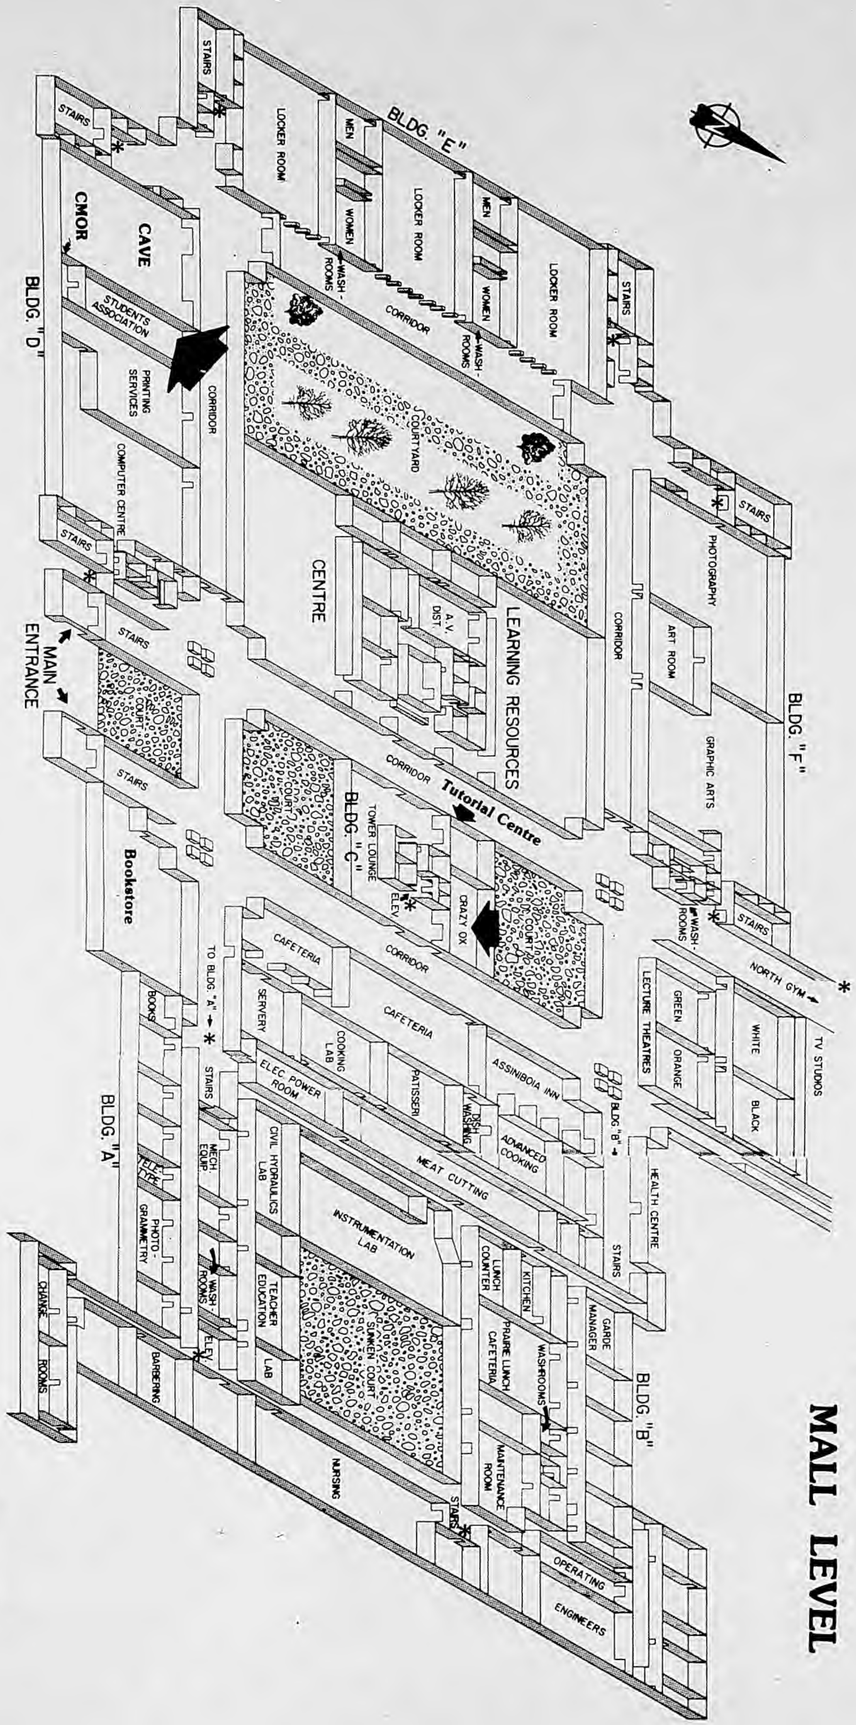
Receipts are a requirement for any refund. Refunds are made within 15 days of date of purchase, or 15 days from commencement of classes.



Get involved with the **PROJECTOR**



R.R.C.C.

MALL LEVEL

EXITS *

Back To School Daze

Welcome.

The Projector tips its hat and says "hello" to you on your first day back at Red River Community College. For some of you, this is the first time you've picked up a copy of our paper and hopefully, you'll continue reading it the rest of the year.

The staff of *The Projector* are Creative Communications students whose main objective is to provide a unique, student oriented newspaper every two weeks.

Let me take this opportunity to introduc you to the editorial staff: I'm Bruce Owen, the news editor. On the typewriter is our editor-in-Chief Peter Williamson. And on the bongo drums, Sports Editor Brad Oswald. (Ladies and gentlemen, a warm round of applause please).

Anyway, *The Projector* is a voice of the students at Red River. It acts as an informer, a listener, and an advisor. It tells you what's going on around the college throughout the year. We cover student issues and events, sports and entertainment. And there's always an interesting feature story concerning people and happenings in Winnipeg.

But we on *The Projector* staff believe that if the paper is to truly represent the student body, it's essential tha we have direct participation from you, the students of Red River.

We need writers, photographers, cartoonists, and people with good ideas we can use or people who just want to work. If you've never been involved with a paper or feel you lack the necessary skills, don't let that keep you away. We started out knowing nothing and look how far we've come! Seriously though, we're all here to learn and ther's no better way to do it than having fun at th same time. If you want to get involved, just ask. We're in trailor K next to the west side parking lot.

And if you can't work with us, then enjoy reading us. The next issue of *The Projector* hits the stands in two weeks. We'll see you then.

CMOR

Well, it's time once again to begin yet another year here at Red River Community College. Thus, as happens every year, begins the frantic race to get CMOR on the air. Of course, this means we'll be combing the halls of Red River in search of people with as yet undiscovered talents in the field of radio.

This year the competition for a spot on the radio is going to be tigher than ever. This is due to the fact that the number of DJs has been cut from almost forty last year to twenty-five this year. We, the management here at CMOR, feel that this will help the station by putting the better DJs on the air more often.

This year will also see the return of voice-testing. Any person applying for a spot on the air will be given a voice test. This will be a major factor in the choosing of DJs. As well, expect to see somewhat more of a structured format that has been the case in the past. CMOR will still retain its great flexibility and variety in its music. [Hopefully we will be able to do away with a situation which occured to often in the past; one solid hour metal being followed by one hour of uninterruped dance music. The contract is frightening, as well as very annoying if you happen to spend your lunch hour listening to music you hate.) We'll be trying to get CMOR off the ground as soon as possible, which means that we will be looking for DJs immediately. Positions will be filled as soon as we find twenty-five suitable people. Once those positions are gone, **they're gone.**So don't wait. If you have any interest at all, come and see us. We're located in the corner of **Courtyear Cave,** right by the big, blue CMOR log. We'll also have a booth in the North Gym on Orientation Day, Friday, Sept. 6. One way or another, we'll look forward to seeing you this year.

Construction Safety Regulations Adopted

Environment and Workplace Safety and Health Minister Gerard Lecuyer had announced adoption of Part 2 in a series of new construction safety regulations.

Mr. Lecuyer said the new regulations represent a major revision of existing construction regulations. He noted that prior to being finalized, the regulations went through a lengthy consultation process with numerous labor, management and safety organizations.

"The new regulations will assist in improving construction safety and health practices," he said. "They also bring Manitoba in line with standards in many other Canadian jurisdictions."

The second set of regulations deals with five areas as follows:

- Safe access to and from work areas.
- Design, fabrication and proper placement of ladders.
- Design, engineering and safe work practices on various temporary support structures.
- Excavation work including details on shafts, trenches, tunnels, caissons and open excavations.
- Scaffolding and suspended work platforms including access, mobile and swing-stage type scaffolding.

This is the second part of an anticipated four-part series of regulations. Part 1 was adopted May 1, 1984, and covered protective clothing and equipment, guardrailing, temporary services, safe housekeeping on worksites and proper handling and storage of materials. Part 1. of the regulation was also amended to expand safeguards for working on live electrical equipment.

The minister said Part 3 of the regulations is in draft form and will soon be curculated for consultation to a wide variety of groups and individuals throughout Manitoba.

The regulations were developed by a Construction Safety committee of the Workplace Safety and Health Advisory Council, composed of representatives from labor and business.

Further information or a copy of the new regulations may be obtained by contacting: Grant McCaughey, Manitoba Environment and Workplace Safety and Health, 1000 -330 St. Mary Avenue, Winnipeg, Manitoba, R3C 3Z5; phone 945-3602.

Operation Kick It

What are you doing for yourself this Fall?

If you've tried to quit smoking on your own but feel you need some extra help, the Manitoba Lung Association's Operation Kick It will begin programs the week of September 16.

Trained volunteer leaders guide you through the 8 week program. Check your local newspaper or Leisure Guide for registration details.

Class enrollment is limited to 18, so register early to avoid disappointment.
