WHAT'S NEW AT RRCC

Information Booth

A new information booth has been set up in the Tower Lounge, directly across from the Crazy Ox store.

Apart from giving students information about the College, there's a possibility of an A.T.O. ticket office setting up its operations in the booth.

A.T.O. would not only sell tickets for major events such as rock concerts or theatrical productions, but also for the SA pubs and socials.

Crazy Ox

The Crazy Ox, the students' store has undergone a few major changes within the last few months.

New counters and shelves as well as a new fitting room have been installed to provide more room for all the new merchandise coming in this fall.

This year, the Crazy Ox will be offering a much wider selection in clothing, such as jeans and shirts.

Heather Smith, the Crazy Ox manageress, hopes to put on a fashion show later on this year, to give Red River's students a chance to see what's new in the fashion world.

SA Club Room

During the past few years, Red River's clubs have had a few problems finding an adequate meeting room.

This year, the Students' Association will be setting up a club room next to the Projector office, underneath the South Gym.

There students will find all the conveniences needed to hold general clubs meetings, in a more comfortable atmosphere.

RRCC TV System

Installed last June, the closed circuit TV system's primary purpose, will be to keep students informed on all the upcoming events, as well as any general information about the College.

Seven TV monitors are set up in various prime locations throughout the College. The TV monitor in the Tower Lounge will be used to show top notch entertainment such as noon-hour video movies, major sporting events, and the infamous soap operas.

Art Department

This year the Students' Association has also created an art department.

Two second-year Advertising Art students, Marilyn Booth and Lori Wheeler, will be designing and producing any visual artwork such as posters, logos, etc., the SA might need.

Registration for Scavenger Hunt, 12:00 Noon, Tower Lounge. Max. 10 members per team. (First Prize $200.00.)

SPORTS

REBEL SPORTS PREVIEW

by Donna Faryon

Red River Community College is proud to announce the opening of the 1981-82 athletic school year.

Red River has seven teams in which students can get involved in. They are: the Men's and Women's Volleyball, Men's and Women's Basketball, Hockey, Curling and Badminton teams.

Throughout the past few years, volleyball has been the most successful sport at Red River, with the men placing 2nd and the women placing 5th at the National Championships in Nova Scotia last year. Coaching the Women's team will be Barb Francis, while the Men's coach has not been named. Later on this year, the teams plan to travel to Calgary, Saskatoon and Regina for a few exhibition encounters.

The Basketball teams will be competing in the Senior Men's and Women's Basketball leagues, with exhibition play taking them to Toronto, Calgary, and Grand Forks.

This year's women's coach will be June Graham, while Bernard Jones returns to coach the men.

Team tryouts for the men open on September 14th while the women's team will be starting on September 21st.

The hockey team should be off to a good start, with Gary Patterson handling the bench as the new head coach. This year's schedule will include games against other teams in Manitoba as well as a few exhibition games outside the province. Come playoff time, the representative from Manitoba will play off against Ontario to gain a berth in the National Championships.

Tryouts for the team are to begin in early September.

Badminton and curling have been two sports which have proven to be very strong at the 4-West Championships. In the past, both teams have brought back quite a few medals.

This year the badminton teams will be coached by Jack Kaplan and the curling teams by Roy Pollock. Both teams compete locally, with a few trips outside of Winnipeg.

This year Manitoba will be hosting the 4-West Championships. However since badminton has gone national there is a possibility the badminton teams might go to Calgary for the National Championships. Team tryouts will begin at the end of September.

As you can see, we have an excellent athletic program in which students can get involved in. Besides meeting people and getting into shape, students will be awarded 1/3 of a school credit by participating on a team. For more details, check the North Gym bulletin board.

We'll see you at the tryout camps!

MINISTER'S CUP AWARD

by Norm Fontaine

On Tuesday June 30th, the Honorable Keith Cosens, Minister of Education for the Province of Manitoba, presented the Minister's Cup Award to three outstanding athletes representing Manitoba's three community colleges.

Red River's Gord Muir was one of three recipients of the annual award, symbolic of excellence in intervarsity athletics at the community college level.

Muir, a recent Business Administration graduate and RRCC's 1980-81 Male Athlete of the Year, was a member of the college's basketball team for the past three years.

The Hon. Keith Cosens (left) presenting the Minister's Cup Award to 1980-81 RRCC recipient, Gord Muir.

Last year he served as team captain and as the leading scorer, Gord helped guide the team to the Manitoba College Athletic Association (MCAA) championships.

In addition to his contribution as a team member, Gord was also the RRCC Students' Association Sports Director for the 1980-81 school year.

Carla Cloake of Assiniboine Community College and Bernice Gnazdowski of Keewatin Community College were the two other Minister's Cup recipients.

INQUIRE ABOUT OUR SPECIAL STUDENT DISCOUNT RATES

None of your business but..

by Norm Fontaine

Well the summer holidays are finally (shucks) over.

Gone are the hot summer days where you probably spent most of your afternoons out on the beach, soaking up the sun.

If you were like me, you probably were indoors working hard to scrape up a few bucks, only wishing you were out there with the rest of them.

But despite all of this, we can all sit back and think about what went on this summer.

Of course like any other summer we had our share of strikes.

The posties and the baseball players both decided to walk out on their employers.

The baseball fanatics started complaining because they couldn't carry on with their favorite pastime of popping back a few cool ones and watching America's national sport while chewing on a hot dog.

Most people in Canada were outraged at the fact the mail service was out of order. Therefore they couldn't send their post cards about their vacation of scenic Tuktoyuktuk N.W.T. to their dear old grandmother in Pukatawagan, Manitoba.

But all in all these strikes did come to an end and everyone lived happily ever after. (So they say.)

The summer of 1981 also saw the death of probably the most respected man in Canada, Terry Fox. Terry Fox, the young man whose Marathon of Hope helped raise millions of dollars for cancer research, passed away after a courageous battle against probably his biggest enemy, cancer.

The summer of 1981 also saw everyone around the globe watching what some called Prince Charles and Lady Diana Spencer's fairy tale wedding which helped unite all of Britain despite the dark reality of Britain's rising unemployment and the political demonstrations against her.

We also had our fair share of summer concerts, with groups like Styx, Loverboy, Ted Nugent, Blue Oyster Cult, and many others coming to town to liven up the Winnipeg rock scene.

But believe it or not, September 8th is here and along with it come the classes, the books, the seminars, the Beer Bashes, the Freebie Films and a host of other goodies.

So things can't be all that bad. One thing's for sure. We're here for a good time, not a long time!

June 1982, here we come!

STUDENT SERVICES AT RED RIVER

by Ray Newman

Welcome to those of you who are beginning a term at Red River and welcome back to those who are returning for their final year at the college.

Be sure to read your student handbook which will be distributed on registration day — it is full of information that will help you gain the most from your educational experience at the college. Academic policies, procedures, student responsibilities, financial aid, scholarships and awards are but a few of the topics covered. The handbook is distributed free to students and the cost is shared by the Students' Association and the administration.

In order to familiarize you with the locations of our student services I have listed the areas below:

ADMISSIONS — Deb Hosey, Room C212

COUNSELLING — Brian Hanson, Room C113

HEALTH CENTRE — Phyllis Law, Room HM10

PHYSICAL EDUCATION — Roy Pollock, Room GM17

REGISTRATION — Bill Grant, Room C212

STUDENT AID — Odette Bonneteau, Room C116

SUPERVISOR STUDENT SERVICES — Ray Newman, Room C710

BE SURE TO LET US KNOW IF WE CAN HELP YOU. GOOD LUCK!

IN AND AROUND THE PARKING LOTS

The Department of Government Services will be working on parking lots 3W and 4W during the month of September, to improve the access roads, curbs, pavement and lighting.

The 4W lot, the unpaved portion of 3W and a row of 2 paved stalls will be closed with no parking permitted in this area during this construction period.

With the co-operation of the weather, the construction work should be completed within 2 weeks from its commencement.

We would appreciate the students' co-operation during this period of time.

THE S.A. NEEDS YOU!

Want to earn extra money while at Red River? Part-time employment is available at the Students' Association for the following positions:

Pub and Social Staff

1. Bartenders
2. Security
3. Ticket Sellers

Movie projectionists for the Freebie Film Festivals.

INTERESTED? Drop into the S.A. Office, room DM20, and fill out an application form.

ENTERTAINMENT

THE QUEEN CITY KIDS

by Norm Fontaine

Friday September 18th, the Queen City Kids will be entertaining Red River students at the first social evening of the year.

Tickets will be $6.00 each with a student card and will go on sale Monday September 14th, at 9:00 AM in the SA office, room DM20.

The Queen City Kids are a four man line-up with Kevin Fyhn on guitar and vocals, John Donnelly on bass, Jeff Germain in charge of percussion and keyboardist Alex Chuaqui, who also does some of the vocal and guitar work.

Originally known as Cambridge, the group was formed in Regina more than a decade ago, when each member of the group was still in public school and all around the age of 11.

Their youthful ambition initially got attention as a novelty of sorts; staying power and success very quickly proved that Cambridge was a group of definite rockers.

Although today the Queen City Kids are a group of seasoned artists and with each musician in his early twenties, many rock critics feel the results of the QCK's longstanding commitment are obvious . . . well developed composing and songwriting abilities, brilliant vocal harmonies . . . tight polished instrumental arrangements and a critically acclaimed stage show.

GET INVOLVED

The PROJECTOR is looking for students interested in assuming the following positions:

- News Editor ($110.00/month)
- Sports Editor ($85.00/month)
- Entertainment Editor ($85.00/month)

Any previous experience would be an asset.

Interested students should contact:

NORM FONTAINE
SA Office, Rm. DM20

So you want to become a disc jockey

by Norm Fontaine

Probably one of the first things most students ask themselves when they walk down Red River's hallways is "where is that music coming from?"

That music they keep hearing is basically coming from Red River's student radio station, CMOR.

Located on the mall level in the Courtyard Cave of Building D, CMOR broadcasts daily, Monday to Friday, between the hours of 8:00 AM to 4:00 PM.

CMOR is set up like most professional radio stations. It uses the same type of equipment, consisting of a mixing board, two turntables and two cart machines, as well as a reel to reel tape machine.

Nearly forty DJ's get the chance to spin a few records for an hour or so each week.

CMOR's management team of Paul Simpson (Station Manager) and Geoffrey Dent (Production Manager) makes sure CMOR operates properly and efficiently. They also train every new DJ who comes in to CMOR.

Some of the major changes from last year are the renovations which were made to the CMOR studio and office.

Two new turntables have replaced two older turntables which had been in use ever since the station began.

Also in order to soundproof and to provide an esthetically pleasing atmosphere to the area, some cork material was added to the walls.

This year the CMOR management team hopes CMOR will be bringing in more advertising revenue, by selling air time to various businesses whose target market involves students.

They will also continue to keep Red River's students informed on all the activities going on throughout the College.

Any students interested in auditioning for a show should drop by CMOR and ask for Paul or Geoffrey.

They'll be more than happy to hear from you.

STUDENT AID

The Student Aid Office will set up a booth on Registration Day, September 8, 1981 in the Mall, by the cash registers. Students who have been notified of a loan award may pick up their loan documents at this booth.

Applications for Student Aid for 81/82 are available in the Student Aid Office, Building C, plaza level. For students attending Red River, the deadline date for bursary eligibility is 30 days after Registration. Applications will be accepted for loan only after that date.

STUDENT COUNCIL APPROVES SA'S $350,000 81-82 BUDGET

Last Thursday August 13th at the annual Students' Association budget meeting, Student Council approved the SA's $350,000 1981-82 budget.

The Sports Department which made up 1/3 of the total budget, will be receiving a little less money from the SA this year, due to the $2.00 sports levy.

As it now stands, students attending Manitoba's three community colleges will be paying a $2.00 athletic fee.

SA treasurer Mark Comeau predicts the provincial government will collect around $100,000 from the three colleges. From this Comeau expects approximately $80,000 will be allotted to the RRCC varsity sports program. The SA would then provide its share of about $14,000.

This year's Activities budget was increased from last year's, mainly to provide the SA's Program Co-ordinator with enough funds to organize various activities to keep RRCC's students entertained throughout the year."

Red River's students will also appreciate the fact Beer Bash and social tickets will remain at last year's prices of $2.00 and $5.00.

Despite rising printing and production costs for the Projector, the Student Handbook and Telephone Directory, as well as with the addition of an art department, the Communications budget remained basically the same as last year.

Council also approved capital expenditures totalling close to $30,000.

This year's major capital expenditure will be that of a $20,000 Compugraphic typesetter/processor. This machine will be primarily used to produce the typesetting for the various publications which are put out each year by the Students' Association.

Funds were also allocated for a new Information Booth, and for renovations to the SA office. As part of the renovations, the SA hopes to set up a club room which would be used by the various clubs which are affiliated with the Students' Association.

!!FREE BEER!

by Tim Tymko

I'm glad I got your attention (please disregard the attention grabbing heading, Free Beer). This article will be aimed at making you more aware of the social activities and events going on in the college.

But first things first. In order to be socially active in this college you must pass a complicated test (to keep out the riff-raff).

Questions — answer yes or no

1. Are you human?
2. Are you alive?
3. Do you hate the Toronto Maple Leafs?

If you answered yes to any of the above then consider yourself acceptable to any event held by the Students' Association.

A basic rundown on the activities planned for this year are as follows:

- 6 socials and 13 pub nights (beer bashes)
- 2 ski trips (Banff and Lake Agassiz)
- Trip to Minneapolis to see some exciting football and hockey action (Vikings and North Stars)
- Graham Chapman (Monty Python fame) will be performing in the South Gym, October 27, 1981
- Guest speakers (political and informative) will be invited to the college during the course of the year
- Freebie Films (Stir Crazy, Blue Lagoon, etc.)
- Video monitors throughout the college will show lunch-time movies
- Noon hour concerts (Scott Jones, Michael Lewis and Elias, Schrett & Bell, etc.)

There is too much to list. We will have talent shows, Scavenger Hunts, Students' Association breakfasts, Bug Day, the Assassin Game, fashion shows, Casino Rouge, and much more to make this year an exciting and memorable one.

STUDENT BUS FARE RATES TO REMAIN THE SAME

Students using the Winnipeg transit system to and from the city's two universities and Red River Community College, will still have to pay the current bus fare rate of 60 cents per ride or $20.00 for a monthly bus pass.

On Monday August 17th, the City's Works and Operations Committee, after hearing presentations from representatives of the University of Manitoba's Students' Union and the Red River Community College and University of Winnipeg Students' Associations, voted not to offer students attending these institutions reduced transit rates.

Instead, the committee will submit the presentations to the Transit administration in order to receive its reaction to the matter. Depending on the outcome, the Works and Operations Committee will make a presentation to City Council in early September.

Included in the presentations were four proposals which the three student organizations felt, were viable alternatives to paying the current bus fare rates.

The first proposal suggested that students could purchase a $15.00 monthly bus pass while the second suggested the city offer post secondary students a reduced transit rate.

According to this second proposal, the university or college students would present a validated student card, which when presented to a transit driver, would allow that student to ride on the bus for 50 cents.

The other two alternatives suggested students buy a four month bus pass at $60.00 each or that the City sell bus passes in bulk to the different students' associations, who would then keep the profits, if any.

The Works and Operations Committee rejected the four proposals, citing there would be an increase in delays in the transit system operations. There would also be a reduction in revenue for the city.

MANPOWER NOTES

by Jim Purse

CANADA MANPOWER SPONSORED STUDENTS

For those students who are sponsored through the Canada Manpower Training Program (CMTP), please be sure to read the Training Information package you received at the time of documentation.

In particular, if problems arise pertaining to CMTP training allowances and/or Unemployment Insurance benefits, you must contact the Institutional Training Unit located at 344 Edmonton Street as your files are located at that office.

Any inquiries or problems you have regarding CMTP training allowances or Unemployment Insurance benefits, should be directed to:

CMTP TRAINING ALLOWANCES
Pay Clerk 949-1085 or 949-1086

UNEMPLOYMENT INSURANCE BENEFITS
Inquiries Clerk 949-5586

HAVE YOU PAID YOUR TUITION FEES?

Well of course you have and therefore you don't need to read the rest of this ad.

And if by some remote chance you haven't paid your fees, it could cost you!

Red River Community College policy on late tuition fee payment is as follows:

"Students whose tuition amounts remain unpaid after the date the tuition is due will be given 14 calendar days grace. Students whose tuition fees are outstanding at the end of the period of grace will be issued a formal notice and assessed a late fee in addition to all other amounts owing to the College. An additional 14 calendar days will be allowed for the student to make payment from the date the formal notice was mailed. Failure to do so will result in automatic termination."

If you are having problems making payment or you need more information, please see your Principal or inquire at the Students Association Office, Room DM-20.

PHOTOGRAPHERS REQUIRED

Photographers are needed for both The Projector and RRCC Yearbook.

Previous photo developing experience would be an asset. Applicants should also have their own camera.
